

Dasany Altiere

Agricultural Technician

Profile

I am an Agricultural Technician with over five years of experience. I have a vast knowledge of crops, soils, and agricultural chemicals. I have also gained valuable experience in farm equipment operation and repair. In addition to my technical skills, I possess excellent customer service skills.

Employment History

Agricultural Technician II at American Ring, NH

Mar 2022 - Present

- Successfully operated and maintained irrigation systems including pumps, valves, and pipes on a daily basis.
- Created records of 2010 crop production which resulted in increased efficiency for the following year.
- Successfully applied pesticides to crops using both ground equipment (tractors) and aerial methods (planes) resulting in 98% pest eradication.
- Established relationships with local farmers in order to sell \$4,000 worth of surplus produce per week.
- Worked with other agricultural technicians II to develop an herbicide application plan which saved the company money while still being effective.

Agricultural Technician I at National Band and Tag, NH

Aug 2017 - Feb 2022

- Negotiated prices with farmers for the purchase of crops.
- Inspected farmland and assessed crop damage caused by pests or weather conditions.
- Developed new methods for applying pesticides and herbicides to crops.
- Trained other agricultural technicians in pesticide application techniques.
- Planned and supervised the planting, cultivation, harvested of experimental plots.
