998-726-7333

1544 Kenilworth Avenue Northeast,
Washington, DC 20019

PROFILE

A banker is responsible for various activities in a bank, such as loans, investments, and deposits. They work with customers to ensure that they are able to obtain the financing they need while also managing the risk of the loan. In addition, bankers must stay up-to-date on economic trends in order to make sound decisions about where to invest the bank's money.
