PROFILE

I am a CNC Operator with 3+ years of experience running machines in order to create finished products. I have an expert understanding of how CNC machines work and can operate them flawlessly. My skills allow me to produce high-quality items quickly and efficiently. In addition, I possess excellent problem solving skills which come in handy when issues arise during production. Overall, I am a reliable and hardworking professional who takes pride in my work.

EMPLOYMENT HISTORY

● CNC Operator II at Rio Grande Machine Works, NM

Apr 2022 - Present

- Set up and operated CNC machines to cut, shape, and drill metal components according to specifications.
- Loaded programs into CNC machines and entered commands to begin machining operations.
- Monitored machine operation closely to ensure quality standards were met.
- Made necessary adjustments to programs or machinery as needed throughout the machining process.
- Inspected finished products for accuracy.

● CNC Operator I at Hi-Tech Machine & Welding, NM

Sep 2019 - Mar 2022

- Operated CNC machines to fabricate metal parts for automotive industry.
- Read and interpreted blueprints or sketches to determine the specific instructions needed to operate each machine.
- Entered commands, manually or via computer, to begin operation.
- Inspected assigned workpieces for defects such as cracks, unevenness or warping.
- Used hand tools if necessary to make adjustments during production process.
