(206) 033-6437

277 West Court Street, Jackson, MS
39201

PROFILE

As a CNC Programmer with over 5 years of experience, I am confident in my ability to produce high-quality work. I have a keen eye for detail and a passion for perfection, which allows me to create programs that are both accurate and efficient. I am also able to troubleshoot any issues that may arise during the machining process, ensuring that the finished product meets all customer specifications. With my strong technical skills and commitment to quality, I am an asset to any organization

EMPLOYMENT HISTORY

● CNC Programmer II at CNC Innovations, MS

Mar 2022 - Present

- Devised a new CNC machining technique that increased productivity by 30%.
- Programmed and operated CNC machines to fabricate metal parts for aircraft engines.
- Trained 3 junior programmers in the use of CAD/CAM software.
- Created programs for 5-axis milling machines, saving the company \$100,000 per year in programming costs.
- Successfully completed 100+ projects within budget and on schedule.

● CNC Programmer I at CNC Machining Solutions, MS

Jul 2017 - Jan 2022

- Led a team of 4 CNC Programmers in developing 250 new programs for XYZ Company, which increased productivity by 15%.
- Created 100+ 3D models for use in CNC programming.
- Developed 30 training documents and manuals for new employees on the proper way to operate various CNC machines.
- Wrote 10 SOP's (Standard Operating Procedures) that are currently being used company-wide.
- Successfully completed apprenticeship program and earned journeyman certification.

EDUCATION

High School Diploma at Mississippi School for Mathematics and Science

Aug 2013 - May 2017

I've learned about a variety of subjects, including English, Math, Science, and History.

CERTIFICATES

Certified CNC Programmer

Mar 2021

Certified Master CNC Programmer

Aug 2019
