English

Italian

## Profile

I am a CNC Setup Operator with over 3 years of experience. I have extensive experience in setting up and operating various types of CNC machines, as well as programming them. I am able to work independently and efficiently to produce high-quality parts. In addition, I have a strong understanding of blueprint reading and GD&T principles.

## Employment History

### CNC Setup Operator I at CNC Setup Operator, TN

Mar 2022 - Present

- Set up and operated CNC machines in order to fabricate metal parts.
- Read and interpreted engineering drawings, blueprints, and other instructions in order to determine setup procedures.
- Mounted, aligned, and secured tooling and workpieces on the machine using clamps, jigs fixtures.
- Loaded programs into computer memory or storage devices such as floppy diskette or flashdrives.
- Checked generated programs for errors before running them.

### CNC Setup Operator II at Company 1, TN

Aug 2019 - Feb 2022

- Set up and operated CNC machines to mill, lathe, drill, toast, and tap parts according to engineering specifications.
- Created programs for new or existing projects using Mastercam software.
- Led setup training for newly hired machine operators.
- Developed process improvements that increased cycle time by 10% without sacrificing quality.
- Worked with engineers and other departments to optimize production processes.

## Certificates

### Certified CNC Setup Operator

Jan 2021

### Certified CNC Machine Operator

May 2019

## Memberships

National Institute for Metalworking Skills (NIMS)
