

Lorrayne Sendejas

Dental Assistant

Profile

I have over 3 years of experience as a dental assistant. I am certified in CPR and AED, and have my radiography license. I am skilled in chair-side assisting, denture construction, teeth whitening procedures, sealant placement, recordkeeping, and facility maintenance. Throughout my career, I have provided excellent patient care by maintaining a clean and safe work environment for both patients and staff. My strong communication skills allow me to effectively communicate with patients about their oral health needs while also providing instruction on proper at-home care techniques

Employment History

Dental Assistant at Aspen Dental (New York)

Apr 2022 - Present

- Handled all aspects of billing, including processing insurance claims and collecting payments from patients.
