

Juan Mckinzy

Electrician

Profile

With more than 5 years of experience as an electrician, I have a strong track record in installing and repairing electrical systems. I am skilled in reading blueprints and wiring diagrams, and possess comprehensive knowledge of the National Electrical Code (NEC). My ability to work independently or as part of a team has been applauded by previous employers. As a proactive problem solver with excellent customer service skills, I always aim to complete projects on time within budget while ensuring that all safety standards are met.
