

Anitta Olaes

Environmental Project Engineer

In the past 5 years, I have gained extensive experience as an Environmental Project Engineer. My work has involved overseeing and managing environmental projects to ensure compliance with state and federal regulations. In addition, I have also conducted environmental impact studies for proposed projects in order to assess potential risks and develop mitigation strategies. Through my work, I have developed a strong knowledge of various environmental regulations as well as best practices for minimizing impacts on the environment. Consequently, I am confident in my ability to effectively manage complex environmental projects while ensuring regulatory compliance

Employment History

Environmental Project Engineer II at Enviro-Tech Engineering, Inc., MI

Mar 2022 - Present

- Designed and oversaw the construction of a \$2 million sewage treatment plant that removed 98% of impurities from waste water.
- Upgraded an old, inefficient power plant to meet current EPA guidelines, saving the company \$1 million in annual energy costs.
- Spearheaded a recycling initiative at the office that diverted 90% of waste away from landfills.
- Wrote grant proposals totaling \$4 million which were subsequently approved and funded by various organizations.
- Conducted research on new methods of wastewater treatment and presented findings to upper management.

Environmental Project Engineer I at GHD Inc., MI

Jul 2017 - Feb 2022

- Monitored and recorded data from various environmental remediation sites.
- Conducted field sampling of groundwater, soil, and air.
- Performed quality control/quality assurance checks on all data collected.
- Managed and maintained databases of all environmental information.
- Created reports detailing the findings of each site.

Certificates

Certified Environmental Project Manager (CEPM)

Dec 2020

Certified Sustainable Development Professional (CSDP)

Feb 2019

Memberships

American Society of Civil Engineers (ASCE)

American Council of Engineering Companies (ACEC)
