Profile

As a film and video editor, I have had the opportunity to work on various projects in the industry. My experience has allowed me to develop my skills in this field and learn new techniques. I am now confident in my ability to edit films and videos effectively.

I have a strong eye for detail, which is essential for this role. I also possess excellent communication skills, which are necessary for working with clients and other members of the production team. My creative mind enables me to come up with innovative ideas that help bring the project to life.

I am passionate about film and video editing, and it shows through my work. I am always looking for new ways to improve my craft so that I can provide the best possible service to my clients

Employment History

Film and Video Editor at Netflix (California)

Apr 2022 - Present

- Edited a feature film that was distributed to over 500 theaters worldwide and grossed \$100 million at the box office.
- Edited a music video for a major artist that has been viewed over 100 million times on YouTube.
- Cut together an award-winning short film that screened at festivals around the world.
- Assembled rough cuts of commercials, documentaries, and other projects in accordance with directors' vision while working within time constraints.
- Juggled multiple projects simultaneously while maintaining strict deadlines.
- Collaborated closely with fellow editors, graphic designers, and sound engineers to create final product.

Assistant Film and Video Editor at Hulu (Oregon)

Jul 2019 - Mar 2022

- Cut together footage from multiple angles to create a cohesive story.
- Trim excess footage to ensure the final product is concise and engaging.
- Spliced in graphics, effects, and music to enhance the overall film/video.
- Color-corrected and added filters/effects to improve the visuals of the piece.
- Worked with audio engineer to mix sound levels and add foley effects as needed.
- Exported final version for distribution.
