

Cyndi Bourke

Firefighter

Profile

I am a highly experienced and certified firefighter with over 3 years of experience responding to emergencies, extinguishing fires, and providing medical attention. I have a proven track record of working effectively under pressure and in high-stress situations. My skills include fire suppression, rescue operations, emergency medical care, and hazardous materials response. I am also knowledgeable in building construction methods and the national electrical code which allows me to quickly identify potential dangers during an emergency situation.

Employment History

Firefighter at FDNY - New York

May 2022 - Present
