PROFILE

I have over 5 years of experience as a Health and Safety Coordinator. In my role, I am responsible for coordinating health and safety initiatives within the company. This includes developing and implementing health and safety policies, conducting risk assessments, investigating accidents and incidents, providing training on health and safety procedures, monitoring compliance with health and safety regulations, and auditing the effectiveness of health and safety measures. I have a strong commitment to creating a safe work environment for all employees by minimizing risks associated with workplace hazards. My excellent communication skills allow me to effectively engage with employees at all levels in order to promote a culture of care regarding occupational health & safety.
