☎ 805-682-8152

📍 202 Deer Run Trail, Manchester, CT 06042

## EDUCATION

### Doctor of Optometry (OD) at Pepperdine University, Malibu, CA

Aug 2012 - May 2016

I learned how to do a comprehensive eye examination, which includes testing for visual acuity, refraction, and binocular vision; testing the extraocular muscles and pupillary responses; evaluating the health of the ocular surface and anterior segment with an external exam and slit lamp biomicroscopy; performing tonometry; ordering diagnostic tests such as perimetry or fundus photography when indicated.

## PROFILE

I am an experienced Optometrist with over 6 years of experience. I have a strong background in eye care and am passionate about helping people improve their vision. I have worked in both private practice and retail settings, and have provided excellent care to my patients. I am knowledgeable about the latest technology and treatments available for eye health, and work hard to stay up-to-date on new developments. I am committed to providing quality care to my patients, and take great pride in helping them improve their vision.

## EMPLOYMENT HISTORY

### ● Optometrist at VSP Vision Care, California

May 2022 - Present

- Actively managed a caseload of up to 30 patients per day, providing comprehensive primary eye care services including refractions, contact lens fittings, and the management of ocular disease.
- Successfully diagnosed and treated over 100 cases of glaucoma, diabetic retinopathy, macular degeneration, and other chronic conditions using advanced diagnostic testing equipment such as optical coherence tomography (OCT).
- Prescribed medications to treat a variety of conditions ranging from pink eye to dryness and allergy relief.
- Educated patients on preventative measures for preserving long-term vision health through discussions on diet, exercise habits, smoking cessation techniques etc.
- Conducted high volume cataract surgery pre-operative evaluations consisting of thorough medical histories taking/reviews & explanation of all risks & benefits associated w/\*\*surgery types along w/measurement specificities required prior to performing said surgeries in order myself or another surgeon.
- Performed ~600 successful annual adult wellness exams which included: visual acuity testing(both distance&near), intraocular pressure assessments(including pachymetry if indicated), dilated fundus examination when necessary+several others depending on patient risk factors/history as they presented themselves throughout each encounter so that I could form my clinical decision making process.

### ● Assistant Optometrist at Davis Vision, New York

Jul 2016 - Mar 2022

- I have performed over 1,000 eye exams.
- I have dispensed over 500 pairs of glasses.
- I have provided over 200 contact lens fittings.
- I am a member of the American Optometric Association (AOA).
- I am certified in the treatment and management of ocular disease by the ABOto •I completed my four-year doctorate degree at Southern California College of Optometry.
