PROFILE

I am a Refrigeration Technician with over 3 years of experience in the industry. I have experience repairing and maintaining commercial refrigeration units, as well as training new technicians on proper procedures. I pride myself on being able to troubleshoot problems quickly and efficiently, and my attention to detail ensures that all repairs are done correctly the first time. My excellent customer service skills ensure that clients are always satisfied with my work.

EMPLOYMENT HISTORY

● Refrigeration Technician II at Swisher International, OK

Apr 2022 - Present

- Installed a new evaporator coil in a reach-in refrigerator, ensuring that the coil was properly positioned and level.
- Removed an old compressor from a commercial walk-in freezer and replaced it with a new one.
- Found and repaired leaks in several air conditioner units using halogen leak detectors.
- Recharged Freon levels in multiple AC units according to manufacturer's specifications.

● Refrigeration Technician I at Maytag Corporation, OK

Aug 2019 - Mar 2022

- Worked on and repaired over 1,000 refrigeration units.
- Successfully installed 50 new commercial refrigeration systems.
- Troubleshooting skills led to resolving critical issues in complex units 80% of the time without outside assistance.
- Mentored 2 junior technicians, teaching them both how to troubleshoot and repair common refrigerator problems.
- Received 20+ 5-star customer reviews commending excellent workmanship.

EDUCATION

Refrigeration Technician Diploma at Tulsa Community College, Tulsa, OK

Aug 2015 - May 2019

I've learned how to install, maintain, and repair refrigeration and air conditioning systems.
