Profile

I am a transport and logistics professional with more than 6 years of experience in the industry. I have gained extensive knowledge and skills in planning and managing transportation operations, as well as developing efficient logistics solutions. I am highly capable of coordinating multiple shipments simultaneously while ensuring timely delivery and maintaining high levels of customer satisfaction. In addition, I possess excellent communication and negotiation skills which allow me to effectively liaise with suppliers, customers, and other relevant parties.

Employment History

Transportation Manager at Coleman American Moving Services (Texas)

Mar 2022 - Present

- Transported 10,000 widgets from point A to point B in 2 weeks.
- Successfully completed 100% of shipments on time and without incident for 12 consecutive months.
- Maintained a fleet of 50 vehicles with an average age of 3 years or less.
- Achieved 99.5% customer satisfaction rating for transportation services provided.
- Received recognition from the Widget Manufacturing Association as "Transportation Provider of the Year" three years in a row.

Logistics Coordinator at JK Moving & Storage (Virginia)

Sep 2018 - Feb 2022

- Delivered 100% of goods on time and in full for 12 consecutive months.
- Reduced transport costs by 15% through route optimization and procurement of more cost-effective suppliers.
- Implemented an inventory management system that reduced stockouts by 25%.
- Negotiated a 20% discount with our main logistics provider.
- Successfully launched a new product line in 10 European countries within 6 months.
